RUSSIA SEES POLICY IN ACTION

Believes Taft Seeks to Bolster
Waning Popularity By --
Treaty Abrogation

BITTER AGAINST U. S. AND
MAY NOT RENEW TREATY

Action Would Harass Ameri-
can Exporters and Leave
Russia With Free Hand

ST. PETERSBURG, Dec. 19.—Tak-
ing the attitude that President Taft's
action in abrogating the treaty of
1832 was taken to bolster up his
weakened political popularity, the
government officials are expressing
themselves bitterly against the United
States Government today. Anti-
Semite agitators are open in their
denunciations of America and there
is some talk of boycotting American
goods in Russia and Manchuria.

The present indications are that
Russia will allow the treaty to lapse
and refuse to negotiate a new treaty
with America. This would permit
Russia to deal with American sub-
jects seeking entrance into her do-
main as she sees fit, and would work
considerable harm on American ex-
porters.

BERLIN POST GETS SAUCY
TOWARDS UNITED STATES

BERLIN, Dec. 19.—Declaring that
the United States dare not go to war,
and that President Taft is the laugh-
ing stock of Europe, the Berlin Post,
one of the most conservative papers
of the German capital, today de-
claring in political good manners in
nounced America as absolutely lack-
ing abrogating the 1832 treaty with Rus-
sia.

RAYNER DENOUNCES RUSSIA
FOR BARBAROUS METHODS

WASHINGTON, Dec. 19.—"The
night of barbarism must close so
far as we are concerned," said Sen-
ator Rayner, discussing the Russian
treaty today in the Senate. "This is
a land of religious liberty, so ordain-
ed by the wisdom of God, and so
created by the genius of man. We
cannot permit any autocratic govern-
ment to force this iniquity upon
our citizens. The Russian govern-
ment cannot be negotiated with. I
cannot understand why this govern-
ment has not long ago demanded of
those in authority in this despotic
land that, if they did not amend
their code of religious persecution,
and become proselytes at the altar
of reason and humanity, that they
would no longer be tolerated to re-
tain friendly intercourse with her
free institutions."

LOS ANGELES RATIFIES
TAFT'S TREATY ACTION

LOS ANGELES, Dec. 19.—More
than 3500 persons attended the mass
meeting at the Auditorium, which
was called last night for the pur-
pose of giving the people of Los An-
geles an opportunity to protest
against the attitude of the Russian
government in refusing to acknowl-
edge the passports of Jewish citi-
zens of the United States traveling
in the realm of the Czar.

Inasmuch as word was received at
the eleventh hour that President
Taft had taken the initiative in the
matter and had sent out notice that
the famous treaty of 1832 with Rus-
sia would be abrogated, the United
States Senate concurring, the meet-
ing was turned from a protest to a
ratification meeting. Those present
unanimously voiced their approval
of the action taken by the President.

BATES TO FOLLOW IN BACKS' PLACE

When Joseph Backs, now district
manager of the Home Telephone Co.,
resigns to take the position of deputy
county clerk under County Clerk
Williams, his place as telephone
manager will be taken by W. H.
Bates of Santa Ana, who at present
is collector for the company. The

Christmas Mail Breaks Records at Post Office

Yesterday's business reach-
ed high water mark for the
Santa Ana postoffice, all pre-
vious records being broken.
The stamp sales reached \$42.25,
as against \$352 for the largest
day last year. 112 money or-
ders were issued and an even
200 letters and packages regis-
tered. The outgoing afternoon
overland mail was by far the
largest ever sent from the of-
fice. This morning's business
opened very heavy, but it is
the opinion of the postoffice
people that yesterday's record
will not be eclipsed this year.

NORWEGIAN BISHOP LAUDS CALIFORNIA

Will Urge Countrymen to Set-
tle Here and Aid in Growth
of Golden State

SAN FRANCISCO, Dec. 19.—Right
Rev. K. Bjorge, Bishop of the Min-
nesota diocese of the Norwegian
Evangelical Lutheran church, who
has been visiting the Pacific coast
states in the interests of the church,
has announced himself as convinced
that in California are to be found
more of the best in climate, beauties
and riches of nature and opportunity
for the immigrant than any other
state in the Union.

Before leaving for the East the
bishop said he would see to it in the
future that his countrymen in Eu-
rope were informed of the attrac-
tiveness of California and that ev-
ery opportunity was given them to
come to the Pacific coast instead of
settling in the prairie regions of the
Middle West.

In referring to Southern Califor-
nia Bishop Bjorge said: "Of all of
California that I have been able to
see, in the short time I have had at
my disposal I found nothing that
could compare with the sunny val-
leys of the southern part of the
state. The orange groves and trea-
shaded streets of the south gave me
my first impression of what a real
paradise California is. You need the
hardy men of the northlands in this
country and I am going to urge my
countrymen to settle in the warm
sunny state of California, where they
can put forth their efforts all year
round with profit to themselves and
a God-blessed commonwealth."

SMITH STARTING PUT FOR NATIONAL CAPITAL OVER TO NEXT MEETING

Congressman From This Dis-
trict Goes East to Be
Near Congress

LEAVES SANITARIUM
FOR HIS JOURNEY

Understood That He Will Not
Again Be a Candidate
For Nomination

According to the Los Angeles pa-
pers this morning, Congressman S.
C. Smith today starts for Washing-
ton from the Monrovia sanitarium.
It had been thought that Smith
would be unable to go East this win-
ter. It is generally understood that
he will not run for the nomination
next summer.

The following is a dispatch from
Washington, Dec. 18.—Orders
have been given to prepare Con-
gressman Sylvester Smith's Wash-
ington residence for his coming. He
is reported to be better able to make
the trip than he was to go home last
spring. Mrs. Smith and their daugh-
ter will accompany the congressman
on his overland journey which will
begin tomorrow and should end next
Sunday morning. Mr. Smith will al-
so be accompanied by his nurse. He
has been anxious to come to Wash-
ington, feeling that even though he
may be unable to leave his house
most of the time, he will at least be
in closer touch with legislation and
able to serve his district better than
if he remains in California.

REBELS GAIN STRONG POINT

Yuan Shi Kai Returns Two
Provinces—Peace Near—
Yuan Is "Man of Power"

SHANGHAI, Dec. 19.—Premier
Yuan Shi Kai has conceded the pro-
vinces of Anhui and Shan Si to the
rebels to the extent that he has
rushed orders for the immediate
evacuation of imperial troops now
occupying them. His action follows
the suspension of the peace confer-
ence held by the rebels and the im-
perial envoys here, upon demand of
the revolutionists that the provinces
be vacated.

Premier Yuan has ordered the im-
perial generals there to lose no time
in removing their troops, as it is his
desire that the peace conference
proceed immediately. He is confident
of an amicable adjustment now, al-
though even the imperial representa-
tives here believe the total abdic-
ation of the Manchu dynasty is im-
minent.

It is the general impression that
Premier Yuan Shi Kai will be the
"man of power, no matter which
way the pact goes. He is looked up
to by both Manchus and rebels. It
is openly stated that the premier is
secretly in sympathy with the rebels
and that he believes the day of
the empire has passed.

FORMER PROVINCIAL VICEROY
MURDERED BY OWN TROOPS

SHANGHAI, Dec. 19.—Tuan Wang,
former director-general of the Ha-
kwong railroad and one time viceroy
of Chili province, was murdered to-
day at Szechuan by his own troops,
following the discovery of treachery
and an attempt to escape.

His brother was also killed, both
being hacked to pieces.

AMERICA JOINED OTHER
POWERS IN NOTE TO CHINA

WASHINGTON, Dec. 19.—Ameri-
ca has joined the other world pow-
ers in addressing a note to the Chi-
nese peace conference at Shanghai
notifying the delegates that unless
peace is agreed upon, the powers
will intervene. The note does not
state this in so many words, but the
diplomatic language is so interpret-
ed.

ALL POWERS SEND NOTES

PEKIN, Dec. 19.—Identical notes
from all the powers were presented
today to the Imperial and revolution-
ary emissaries attending the Shang-
hai conference.

While these notes more express
the hope that an early agreement
may be reached, this co-operative ac-
tion is regarded as tantamount to a
notice to contending forces that the
powers will not permit China to drift
to chaos.

Telephone Officials Want to
Look Over Two Per Cent
Provision

CRIPPLED HORSE
SUBJECT OF TALK

Property Owners Are Finding
It Difficult to Make
Improvements

While the application of the Pa-
cific Telephone & Telegraph Co. for a
franchise was read last night, the
formal application, which under the
law must be published, was not read
and will not be read until Jan. 2.
The city attorney had prepared the
formal application and put into it
the provision that from the first the
corporation should pay a franchise
tax of two per cent of its gross
earnings. As a rule a franchise re-
quires that the tax be paid after the
first five years. This provision was
noticed yesterday afternoon by one
of the telephone officials, and at his
request the petition was taken to
Los Angeles to be examined by of-
ficials there.

J. C. Burke, appointed clerk to
succeed Ed. Tedford on Jan. 1, was
present last night getting pointers.
A crippled horse belonging to the
city was the subject of some com-
ment. The animal has a hoof dis-
ease that makes work upon hard
ground exceedingly painful.

Various offers have been made for
this horse, the last being \$35 from
Jack Miller. Grubb declared he
thought the horse ought to be shot
rather than sold, because if sold the
chances were that the horse would
be worked when in misery. It was
stated that Miller knows horses, and
probably would cure the horse. The
matter of the disposal of the horse
was left with Chairman Ey.

Hurry It Along
McPhee: "I want to know how
we are getting along with the Ar-
tesia sewer proposition. I haven't got
out that way, for everyone I see
wants to know what is making
things go so slow."

Tedford said that the city attorney
would get at the posting of notices
today.

Level the Ridges
Alderman suggested that some-
thing be done to level off the ridges
and destroy or distribute the weeds
that have been accumulated in the
center of many streets by the street
crawls through use of the grader.
Grubb said that much of the stuff
could be burned. Action will be taken
to be rid of the menace.

Calling for Bids
After considerable discussion as to
lengths and widths of plank, it was
decided to advertise for 15,000 feet
of cedar for use in redoing the
Main and Hannah street bridges.
Three-inch timber is to be used.

Deed Accepted

A deed from S. Hill for a west strip
on Flower street was read and accept-
ed.

The \$1000 bond in a surety com-
pany of J. C. Burke, appointed city
clerk to take office Jan. 1, was ac-
cepted.

A box for a transmitter box and
punch register for the fire depart-
ment was \$255 from the Gamewell
Fire Alarm Company. It was refer-
red to Alderman and McCulloch for
investigation.

A letter was read from Corona
rock crusher asking how much and
what sized rock is wanted for
crosswalks here. Grubb said San
Dimas rock costs \$1.50 per yard.
Grubb was instructed to buy some
15 or 20 yards of rock left by the
P. E. on North Main.

On North Main

G. W. Wilcox of North Main street
said the P. E. is about through with
its paving.

"Over a year ago we put in curbs
and paved our portion of the street,"
said he. "Our paving was under-
mined and was gutted because wa-
ter seeped through from the P. E.
portion. On account of the various
kinds of work done by the city, not
filling in the trenches properly, there
are pitch-holes left there. We would
like to have the city repair some of
those places with the rock left over
by the P. E."

M. Nisson explained the hard us-
age put to his side of the street be-
cause the gas company left a ridge
there for weeks.

Grubb said he thought the city re-
sponsible for the damage done to the
street in front of the places of
Wilcox and Nisson.

McPhee moved that the city go to
an expense of not over \$100 to re-
pair the street, the street superin-
tendent to charge up to the gas com-
pany any damage done by reason
of its operations. The motion car-
ried, Grubb to have charge of the
work.

MRS. BAIN COLLAPSED IN BRIBERY RECITAL

Sweet Faced Woman Absolved Husband
From All Blame—Johannsen Arrives
—Evidence Goes to Indiana

LOS ANGELES, Dec. 19.—When
the case of Bert Franklin, former
chief investigator for the McNamara
defense, charged with bribing Per-
manent Juror Robert Bain, was open-
ed in Justice Young's court today,
Mrs. Luella Carpenter, a neighbor of
the Bains, was called.
She testified that Franklin had
called at the Bain home while the
family was away, and left a card
with her with a request that she ask
Mrs. Bain to call him up at his of-
fice. Mrs. Carpenter said she deliv-
ered the card and message.
Mrs. Bain was then called to the
witness stand. Franklin, who is al-
so charged with attempted bribery
of Prospective Juror Lockwood, is
being defended by former Governor
Henry T. Gage.

As Mrs. Bain, a sweet faced wom-
an past sixty, told the part she play-
ed in the alleged bribery of her hus-
band, the rugged old rancher, her
husband, lowered his head until his
chin rested on his massive chest.
Two tears trickled down his tanned
cheeks. He arose as if to speak but
words would not come. He was led
to his seat by Prosecutor Ford.
"You see," continued Mrs. Bain,
"we needed money to finish paying
for our little ranch. Bob has worked
so hard all his life. We, I realized,
were getting old. From the way
Franklin talked it seemed a harm-
less thing to do. He said the Mc-
Namaras were innocent, and that the
\$4000 which we would be paid would
fix us for life. Bob said 'No,' that it
was dishonorable. He would not be
a party to the transaction. But I in-
sisted. Finally we took."

At this stage of the testimony Mrs.
Bain collapsed and was taken to the
ante-room, where she recovered in a
few minutes. Touched by the aged
woman's testimony, Prosecutor Ford

10 BOATS MISSING ON LOWER COAST

Fierce Storm May Have Bat-
tered Them to Pieces—
Craft Badly Disabled

SAN DIEGO, Dec. 19.—As a result
of the storm raging along the Lower
California coast, and which was se-
vere here for a few hours Sunday
night, ten boats with crews totaling
thirty men of the Union Fish com-
pany of this city are missing, and it
is feared they have been lost.

Another vessel with a crew of two
was rescued just outside this harbor
by a schooner, a fishing boat arrived
after its crew had a terrible ex-
perience, a vessel was beached at
fisherman's wharf here, and two
boats were driven into the kelp and
held fast.

The ten missing boats were on
their way from fishing trips to Cape
Coline and San Quintin, Lower Cal-
ifornia. The sloop Preciosa, Captain
A. Castanola, ran into the storm off
Ensenada while laden with Jewish
halibut caught at Colonel. The
captain was lashed to the wheel, the
hatches battered down and the crew
went below. Then when the sloop
sailed in heavy sea, the crew was
called up and threw overboard four-
teen large Jewish and 5000 pounds
of halibut to save the ship.

Scarcely had they finished when
the men themselves were washed
overboard, but were saved by the
ropes they had tied around them-
selves. All went below again, and
with the men there and the captain
still lashed to the wheel the boat ar-
rived here.

ITALIANS ADVANCING INTO INTERIOR WITHOUT TROUBLE

LONDON, Dec. 19.—The continued
advance of the Italian troops toward
the interior of Tripoli without meet-
ing serious resistance seems to prove
the correctness of recent information
that the Turkish troops and their
Arab allies have withdrawn to the
hills. They are practically without
ammunition, it is reported. The Ital-
ian forces now concentrated in the
former Turkish province of Tripoli
number 80,000 and military experts
think that when their means of trans-
portation have been perfected there
will be apparently nothing to prevent
the effective occupation of the an-
nexed territory. The Italians are
said to be assisting another Albanian
revolt with the object of occupying

BOYNTON GOING MEANS FOUR CHANGES

Merry-Go-Round of Appoint-
ments Follows Jailer's Mov-
ing to Coalinga

JERNIGAN JAILER:
SQUIRES DEPUTIZED

Heard Is Appointed to Take
Constable's Place in Town-
ship Office

Jailer E. W. Boynton is to resign
to go to Coalinga to live.
Under Sheriff Samuel Jernigan is
to resign and will be appointed
jailer.
Constable Robert Squires has re-
signed and will be appointed under
sheriff.
Policeman Frank W. Heard will re-
sign and has been appointed constable.

Somebody will be appointed po-
liceman in Heard's place.
This succession of resignations
and appointments became known to-
day when the Board of Supervisors
received Squires' resignation as con-
stable, and, accepting it, appointed
Heard to the job.

The changes come as a result of
Deputy Sheriff Boynton's decision to
move to Coalinga, where he has se-
cured a fine position with the Ozark
Oil Co. The Ozark Oil Co. is the
one to whose property former Police-
man J. W. Murray went last week
after quitting the Santa Ana police
force. Murray's withdrawal meant
the appointment of Theo. Lacy, Jr.,
to the force.

Now comes Boynton's withdrawal,
and with it a list of vacancies, all of
which have been arranged for ex-
cept the naming of a successor to
Heard. The city trustees will make
that appointment at the next meet-
ing.

Every man who is concerned in
the readjustments outlined above has
made a good record.
Boynton was on the Santa Ana po-
lice force for four years, was elected
constable and resigned that place to
take Sheriff Ruddock's appointment
as jailer. As jailer, Boynton has
more than made good, and it is with
no small regret that all of the county
officials, more particularly the sher-
iff, see him go. Mrs. Boynton will
also resign as matron. The family,
with the exception of Miss May
Boynton, who is a deputy in the
county recorder's office, expects to
move to Coalinga about Jan. 1.

Under Sheriff Jernigan was for-
merly city marshal at Orange, and
resigned there to take Ruddock's ap-
pointment as under sheriff and court
bailliff. Jernigan has proven an ex-
cellent officer. He attends to busi-
ness on the spot, and has been very
successful in running criminals to
earth.

Jernigan's place will be taken by
Robert Squires, who in the few
months he has been constable of
Santa Ana township has proven a
whirlwind when it came to getting
evidence and landing his man. Mrs.
Jernigan will be appointed matron
at the jail to succeed Mrs. Boynton.

Heard steps up from a night job
to a day job and better pay. Heard
has been a policeman for over two
years, and has a natural bent for
police work, fearless and square all
the way through.

CITIES MUST PAY DAMAGES OF RIOTS

U. S. Supreme Court Hands
Down Decision In Chicago
Strike Riot Case

CHICAGO, Dec. 19.—Under a de-
cision handed down by the United
States Supreme Court at Washington
yesterday the city of Chicago be-
comes responsible to the extent of
several millions of dollars for damage
to property resulting from rioting
during strikes. This affects all cities
with similar cases pending.

The court's decision upholds the
constitutionality of the Illinois sta-
tutes to indemnify the owners of prop-
erty from damages occasioned by
riots or riots, and the case in which
the ruling was handed down is that
of Frank Sturgis against the city.

It originated in the strike of the
employees of the Kellogg Switchboard
Company in 1903, and while this case
involves only about \$1000, there are
hundreds of similar cases in the
courts, some of them dating back as
far as the great Debs strike in 1894,
all based on the failure of the city
to furnish ample protection to prop-
erty.

WOULD CHANGE THE DISTRICTS

A. A. Mills of Anaheim Discusses Need of Change in Supervisorial Lines

Editor Register:—A resolution by the writer was offered at the last meeting of the Associated Chambers of Commerce asking that the county be redistricted so as to equalize the supervisorial districts, in reference to population. After some preliminary discussion the matter was laid over for a month and is to come up at the meeting at Huntington Beach on Wednesday, December 27, 1911.

Present Voting Strength

According to the last registration, 1910, the districts stand as follows: First, 1473, second, 1164, third 2426, fourth 1425, fifth 1451. Thus it will be seen that the larger district is 207 per cent of the smaller.

What Should Be

The law requires that the county be divided into supervisorial districts as nearly equal in population as practical. The intention of the resolution was to bring about such adjustment as being only what the law requires and pre-eminently fair and just. As the total registration in the county is 8139, each district should contain as nearly as practical 1628, being one-fifth.

How This Can Be Done

The first district, composed of eight of the ten precincts of Santa Ana, now has 1673 voters, and, therefore, nearly correct as it stands; the second district could be made up of Bolsa, Westminster, Garden Grove, Los Alamitos, Stanton, West Anaheim and Anaheim, with 1620; the third, of Buena Park, Orange, Fullerton, Placentia, Yorba, Olinda and La Habra, with 1674; the fourth of Olive, El Modena, Orange and Tustin, with 1612; the fifth the balance of the county extending from Bay City along the coast and including, as it does now, precincts 7 and 8 of Santa Ana, with 1560. This proposed rearrangement would make the third district still the greatest with a surplus of 46 voters, while the fifth would have the least with a deficiency of 68. Such an arrangement would make each district compact, having the Santa Ana river, the practical dividing line, in the normal and of the county.

Alternate Proposition

In this connection it is suggested that probably a better plan would be to have a board of 15 freeholders elected to compose a freeholders' charter for the home government of our county affairs; and further, that this charter provide for only three supervisors. One of the three supervisorial districts to be composed of Santa Ana and immediately adjacent precincts and the balance of the county to compose the other two, thus putting practically all of the county roads in two districts. Then by paying these two supervisors enough, their whole time may be required as supervisors and road overseers. This could be done with no additional cost, as the two supervisors would get what four now receive as road overseers. The freeholder election can be initiated either by the supervisors or by petition of the electors, such a petition having to be signed by at least 15 per cent of the total votes cast for governor at the last preceding election.

It is hoped that there will be a goodly number present at Huntington Beach to discuss the proposition.

PLUMBING TRUST IS ON THE CARPET

U. S. Files Civil Suit Against Pacific Coast Trust That Will Not Be Contested

LOS ANGELES, Dec. 19.—Prediction that all the defendants involved in the government's suit to dissolve the plumbing trust will file an answer within a week agreeing to dissolution, was made here today by federal officials. A decree of consent will then be entered by Judge Wellborn, and the case ended.

One of the principal defendants to the suit, the national committee of the Confederated Supply Association, notified Assistant United States Attorney George E. Cryer of its intention to file an answer today consenting to dissolution. None of the defendants, it is announced, will be punished except through the operation of an injunction dissolving the so-called trust, unless they fail to comply with the court order. The

government officials are well satisfied with the attitude of the defendants, believing it to be possible to "smash" the trust, which has controlled the plumbing business on the coast for years, without the necessity of a long legal fight.

CIVIL SUIT WAS OPENED AGAINST THE TRUST

LOS ANGELES, Dec. 19.—A civil suit that is designed to break up the so-called Plumbing Trust on the Pacific coast through federal injunction was filed yesterday in the United States Circuit Court here by Assistant United States District Attorney George E. Cryer. This suit was begun on instructions from Washington and is the outcome of a series of conferences there between United States Attorney McCormick

CAUGHT WITH STOLEN SHOES

Rough Treatment of Old Man
By Hoboes Ends Dis-
trously For Them

ORANGE, Dec. 19.—Five hoboes are likely to be charged with burglary. Two of them are in the county jail. They give the names, William Bryan and James Murray. These two and three others, who give the names of John Phillips, F. A. Laning and Dan McPhee, now in jail at Orange, were arrested this morning by Constable Logan Jackson and City Marshal Warner of Orange.

Last night an old man named Arthur Hill, a tramp basket-maker, came into town and told the officers that six men had come to his camp, kicked over his coffee and used him roughly. He said they had a lot of shoes stolen from a store at Fullerton and that they had some nitroglycerine that they talked of using.

The three men in jail were found in a box-car. They were identified by Hill, but had none of the shoes. The two in jail in Santa Ana were arrested near Batavia street. They had sacks containing twenty-two pairs of shoes identified as shoes stolen from the S. Q. R. Store of Fullerton.

CHARGES NOT TO BE PRESSED

Charges Against Circuit Court
Judges Dropped By Vote
of Assembly

Farmers Not to Report Em-
ployees' Injuries—Senate
on Re-Appportionment

SACRAMENTO, Dec. 19.—The Assembly today unanimously adopted the report of its judiciary committee recommending that no further proceedings be taken in connection with the charge of corruption brought against Justices Hart, Burnett and Chapman of the Third District Court of Appeals, by Attorney A. H. Carpenter of Stockton, who alleged that certain cases in which he was interested had been fraudulently decided against him. The committee report stated that not the slightest evidence had been found to sustain Attorney Carpenter's charges.

WALKER AMENDMENT LOST
IN SENATE BY 16 TO 20

SACRAMENTO, Dec. 19.—The Walker constitutional amendment bill was defeated in the Senate by a vote of 16 to 20.

FARMERS EXCLUDED FROM
INDUSTRIAL ACCIDENT BILL

SACRAMENTO, Dec. 19.—The Assembly today, by a vote of 49 to 34, amended Senator Roseberry's industrial accident statistics bill, No. 12, so as to exempt the farmer from its provisions. The amendment was proposed by Assemblyman Harlan, who stated that it would work a hardship upon the farmer, after a day's work, to be compelled to sit down and write of the injury of one of his employees to the industrial accident board.

DISAGREEMENT CEASES
ON REAPPORTIONMENT

SACRAMENTO, Dec. 19.—By the indorsement of the Thompson equalization measure last night, the Senate reapportionment committee recorded Senate opposition to the Assembly on the last of the three reapportionment measures.

There is no possibility of further disagreement. The assembly committee refused to act on an equalization measure, deciding to leave the present equalization districts undisturbed. The Thompson bill, sanctioned by the Senate committee last night, placates the Southern legislators, who declare an old state imbroglio, which at one time caused talk of state division, will be revived unless the Thompson plan is adopted.

The bill places Los Angeles, Orange and San Diego together in a district which at present includes all the counties south of San Joaquin.

All three reapportionment measures were acted on by the Senate committee last night. By a committee amendment to the Thompson congressional bill, Congressman J. C. Needham of Stanislaus county is placed in the third district, a new aggregation of valley counties having previously been assigned to the first with the Democratic congressman, John Raker. The chief point of difference between the Thompson plan and the committee bill adopted by the assembly yesterday is that the latter gives San Francisco two complete districts, while the Thompson measure annexes part of San Mateo county, one of the San Francisco divisions.

ANAHEIM WANTS AUTO FIRE TRUCK

Anaheim Plain Dealer: Dense smoke which came up suddenly back of the Mitchell block Thursday afternoon caused high excitement and the quick gathering of crowds in Center and Los Angeles streets. The first impression was that fire had broken out in one of the warehouses back of the stores in that locality. The fire which added to the excitement, which abated as quickly as it came up when it was learned that the cause of the smoke was a burning barrel of tar which had become overheated while roof repairs were working with it. The tar went up in smoke, but no other damage was done.

Fire Tuesday afternoon destroyed a chicken coop on a lot back of the Melrose home. The blaze caused much excitement for a time among people up town who have residences in the locality. The fire department got on the scene promptly and put out the blaze, which had made sufficient smoke for a business block conflagration. Cause of the fire is unknown.

Both alarms caused renewed talk about the streets of the need of an automobile truck for the fire department, in accordance with the latter's request.

Since the latter was made public last week there has been general endorsement of the idea and demand for the improvement has grown to large proportions.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

THE AMERICAN PEARL

It would not require the skillful argument of a lawyer or the presentation of voluminous evidence to prove that the old fashioned home life is disappearing. The causes which are effecting this change are numerous. In the old days when two people married they immediately established a home in a house, not an apartment. The pretensions of that home were governed absolutely by the resources or earning capacity of the man. The families of each party to the life contract contributed what they could afford to the comfort of the home thus erected. The wife, feeling it her duty and pleasure to make their home attractive with her own handiwork added many things and with great pride set her house in order and attended to the domestic affairs with such care as to make her husband more efficient and contented.

Persons of ample means felt it obligatory when they embarked on the sea of matrimony to give their personal attention to the least important of their household affairs. Husband and wife did their part faithfully and energetically toward making their abode a veritable home. It was a union of hands, a union of hearts, a union of ambitions and aims in life, each ready to help the other in the attainment of their aspirations. Neither had a particular friend with whom they shared their confidences which should ever exist between husband and wife who should live for each other until the arrival of the children which in due time usually come to bless such unions, says Mrs. John A. Logan, in the January McCall's.

Today the engagement is announced in the papers. Friends await with impatience the further notice of the date of the wedding. According to the prominence of the parties, more or less interest is taken in the approaching event. Needlewomen, tailors, jewelers, milliners, shoemakers and dry goods merchants now make life a burden to everybody, including the bride, who, when the nuptial hour arrives, is on the verge of prostration.

The groom nine times out of ten is

on the verge of bankruptcy before he kneels beside his bride at the altar and goes through the mockery of saying, as he places the ring on her finger, "With all my worldly goods I thee endow," because of the innumerable expenses to which he has been subjected, farewell dinner to his bachelor friends, presents for the bridesmaids, his present to the bride, all the expenses of the going-away journey, to say nothing of the hotel bills, automobiles, theater parties and other innumerable and unnecessary drafts upon his bank account. His outlay has frequently been sufficient to exhaust all possible resources and leave most bridegrooms on the threshold of his marriage with an indebtedness which places a mortgage on his income and consequently casts a shadow across his path for subsequent months, and possibly for years.

FULL CREWS MUST
NOW BE PROVIDEDIndiana Law Demanding This
Upheld By Supreme
Court of U. S.

WASHINGTON, Dec. 19.—The constitutionality of the "full crew" act of Indiana, regulating the size of crews on freight, passenger and mail trains, was upheld yesterday by the supreme court. The "full crew" agitation was brought about by the attempt of railroads in several states to reduce the number of men on trains. The trainmen made the test case in Indiana for the settlement of the difficulty in all states.

WESTERN GOVERNOR
FIGURES IN ROMANCE

ST. PAUL, Minn., Dec. 19.—Evidence of a romance came to light today, as one of the closing incidents of the Western governors' special. The center of attraction for former Governor Brady of Idaho, is Grey Cloud Island, Minn., which is the postoffice address of Miss Alice Daly, in whom Mr. Brady admits he is "greatly interested." He would not admit nor would he deny the time was ripe for formal announcement of his engagement to Miss Daly, but his friends know better.

AIR INSPIRED HIM
TO SEEK LIBERTY

SAN FRANCISCO, Dec. 19.—"Dr. J. Grant Lyman did not conspire to escape. But when he breathed the fresh night air and drank a bottle of beer, the hope to be free awakened in his breast," was the novel explanation of the Los Angeles promoter's sensational escape from Providence Hospital last summer, that was put before the jury here today by Attorney Carrill Cook for the defense. The case has been continued since Friday owing to the death of a juror's wife. Final arguments are being heard and the case will go to the jury today.

SHOPMEN'S STRIKE
TO BE RESTRICTED
TO TWO RAILROADS

CHICAGO, Dec. 19.—The strike of shopmen on the Illinois Central and Harriman lines will not be spread to other railroads. The conference of international officers of the unions now being held in St. Louis is for the purpose of trying to settle the strike of carmen on the Missouri, Kansas and Texas Railroad. The carmen had asked the shopmen to strike in sympathy but this was not agreed to at a conference held in Chicago last week. The international officers, however, decided to go to St. Louis to see the officials of the road and urge a settlement.

CARGO FOR ORIENT
WAS TOO GREAT FOR
LINER MINNESOTA

SEATTLE, Dec. 19.—The Great Northern liner Minnesota, the largest steamship on the Pacific ocean, sailed for the Orient Sunday with 16,000 tons of freight, and for the first time in her history was unable to take all the cargo offered. Flour and cotton made up the largest part of the load. Shipments of cotton from the United States to Japan are three times as large as ever before, and every steamer sailing for the Orient has a full cargo. The big cotton movement is due to increased manufacture of cotton cloth in Japan and the disfavor into which Indian cotton has fallen, because of its short fibre.

RECITAL AT TUSTIN

Mrs. Richart Presented Class of Piano Pupils In Well Enjoyed Musicales

Mrs. E. C. Richart on Saturday night presented her pupils in recital at the home of Mr. Tom Crawford, Tustin. Decorations in which holly, asparagus ferns and large Christmas bells were combined, were artistically arranged by Mrs. Richart.

A brilliant program, greatly enjoyed by the many present, was given by the class assisted by Allan A. Revell, who not only gave a special piano number but accompanied for the vocal solos given during the evening. Mrs. Richart in piano numbers, Mrs. Will Mitchell who sang "Star o' the East," Miss Lotta Richart, singing a "Lullaby," and Mr. Donaldson in a trombone solo.

The members of the class presented were Velda Fuller, Hallie Adams, Mary McCarter, Cora Brown, Margaret Meador, Mildred Webster, Lela Thomas, Gladys Thomas, Etta Crawford, Lotta Richart, Elsie McKinsey, Lulu McKinsey, Edith Adams, Edith Cook, Mrs. Cook, Eugene Thomas, Eldon Fuller, Serone Thomas, piano solos and duets were well rendered by these, their execution reflecting great credit on their instructor. Many of the numbers were played from memory, and all were given with confidence and precision.

After the class program was a short sketch of Il Trovatore, special music by Mrs. Richart and Mr. Revell, a reading by Miss Etta Crawford and the "arrival of Santa Claus," the good old saint, being personified by Delviller, his approach being heralded by a jolly piano number under the above title played by Misses Gladys and Lela Thomas.

A social time followed the musicale, a two course supper, the Dragon entering, being served for the eighty guests present. A pleasant feature of the affair was the presentation by the class of a beautiful music portfolio to Mrs. Richart.

Don't forget the Royal Welsh Ladies' Choir tonight at the Grand. You may never have another opportunity to hear this world famous choir and you will regret it if you miss tonight's performance.

We wish you to watch this space for tomorrow's announcement. Especially should all Conservatory students, past, present and prospective, take notice of what is to be presented.

Taxicab Coming to Town

The taxicab has come to town. Santa Ana is now metropolitan. The innovation was introduced by C. Y. Martin, who was a leader in the auto service business here, and who has established a taxicab service.

That Mr. Martin should expect a lively demand for the new convenience is not surprising, as the taxicab makes itself popular wherever it is introduced.

The fair sex is particularly partial to the nifty taxicab and Mr. Martin's venture will appeal to the ladies without doubt.

Dinner Party

Lamont McFadden was host last evening at a 7 o'clock dinner given in honor of his Sunday school teacher, R. R. Smith, and the members of the class. He was assisted in entertaining by his mother, Mrs. John McFadden, and by his sister, Miss Ada McFadden.

Lovely violets were used in the table decorations and the congenial party gathered at the table found the dinner hour a most delightful one.

Covers were laid for the following: Mr. and Mrs. R. R. Smith, Emmett Raitt, Ralph Layton, Paul Anderson, Carson Smith, Carson Smart, Joe Collins, George Smith, Donald Andrews, Will Warren, Lamont McFadden. Games followed the dinner.

Personals

Mr. and Mrs. Aaron Fry of Orange and Mr. and Mrs. Frank Bierbower and little daughter, Iva, made a pleasant party back to their old home at Aurora, Kansas, leaving over the Salt Lake route today.

Mr. and Mrs. Guy G. Richards and son, of Orange, will leave tomorrow for an extended trip through Kansas. They will leave over the Salt Lake route for Kansas City and from that place will tour Kansas and Nebraska. They expect to be gone several months.

Mrs. Davis, who has been visiting the family of Jay W. Powers, of East Pine street, left Tuesday over the Salt Lake route for her home at Bancroft, Kansas.

H. H. Beamer and family, of F Street, left Tuesday for an extended trip to their old home state, Kansas. Mr. Beamer expects to remain East this winter.

Mr. and Mrs. J. G. Quick left today at noon for a visit at the old home in Canton, Ill., arriving there in time to spend Christmas. They will not return until Feb. 1. During Mr. Quick's absence, Miss Grace Grigsby will be in charge of his office.

Assemblyman Clyde Bishop was here from Sacramento Saturday and Sunday, and returned Sunday night.

Mr. and Mrs. N. H. Leonard have gone to Sanger for a ten days' visit with their daughter, Mrs. J. F. Minster.

Miss Elizabeth Hervey is reported as hopelessly ill at the residence of her parents, Mr. and Mrs. W. B. Hervey, in Los Angeles. Her death is believed to be only a matter of hours. Dr. Hervey was called from here yesterday to his sister's bedside in the city.

Miss Ade McFadden is at home from her school in Claremont, which is out for the Christmas vacation. Miss Mabel is expected home soon from Beaumont, where she is teaching.

"ANNUAL" FOR CHOIR

The Percy Lusks Entertained Choir and Were in Turn Much Surprised

Mr. and Mrs. Percy K. Lusk have established an "annual" for the choir of the First Baptist church. These social occasions are always novel in plan and the informal hospitality of this home bespeaks a good time as soon as the guests are bidden.

Last night the company assembled at the church and were driven in autos to the Lusk ranch near West Orange. Upon entering the house, at once all were interested in the Christmas decorations, most conspicuous of which was a Christmas tree hung over with trimmings, candles and here and there interesting packages.

Woven into the greenery on the walls was "Noel." This too was mysterious. But before the evening was gone "Noel" had been thoroughly tried by all, the packages distributed and the laughter and noise was evidence that Merry Christmas had come.

The choir transgressed a bit on propriety and showered Bobbie Lusk with gifts, and also presented to Mr. and Mrs. Lusk a rocking chair, in latter gift as Mr. E. B. Burns, in well worded remarks stated, "a slight token of appreciation of Mr. Lusk's genial and faithful association with this choir for several years."

Mrs. Lusk served delicious refreshments before the happy guests went home.

Entertained Dr. James

Mr. and Mrs. J. B. Rowland yesterday were hosts at a one o'clock luncheon with Dr. George Wharton James as the guest of honor. Prof. and Mrs. B. J. Beswick were guests invited to meet Dr. James.

THE HERPICIDE GIRL

Advices Gentlemen

At Mrs. Blank's reception I met a gentleman who fulfilled my ideal of a man in all but one particular. He had a good head, fine physique, perfect manners, was a most interesting personality, and bore himself with the distinguished air of a gentleman. His linen was immaculate and his clothes faultless as to cut and material. But all the pleasant first impression was ruined when I discovered the collar and shoulders of his dresscoat covered with loose hair and flakes of dandruff.

To me this was an indication of personal carelessness, not to say uncleanness. I wanted to tell him to get a bottle of Newbro's Herpicide. This remarkable remedy would, in a short time, remove every trace of dandruff from his head, stop his hair from falling and prevent him from becoming bald. I don't like baldheaded men; they look old whether they are or not.

Dandruff is caused by a germ and Newbro's Herpicide kills that germ. The itching, which is so frightful with dandruff stops almost instantly. Herpicide is the Original Remedy that destroys dandruff. There is nothing in the world just like it, nothing that is "just as good."

One Dollar Size Bottles are guaranteed by all druggists to give satisfactory applications obtained at the good barber shops.

Send 10c in postage for a sample bottle and booklet to The Herpicide Co., Dept. R, Detroit, Mich. Rowley Drug Company, Santa Ana, Tustin Drug Store, Tustin, Special Agents.

DUTY IS TO TEACH MORALS

Mrs. Mary M. Comam of Covina Talks on Temperance Education

That the schools now more than ever have a duty to perform in the moral training of children was an assertion made by Mrs. Mary M. Comam, of Covina, an ex-teacher and leader in temperance work, in her address to the Orange County Teachers' Institute this afternoon. Mrs. Comam's subject was "Temperance Education." She said that too many homes neglect instructing their children in the evils of intemperance and neglect in instructing them in moral subjects. Sunday schools do a great work, but they do not reach all children. The schools are the best places for reaching the children, and teachers should not fail to grasp their opportunities.

The session of the institute today will close by an address by J. H. Francis, superintendent of the Los Angeles schools.

Tomorrow, in conjunction with the institute there will be held a meeting of trustees of school districts of the county. State Superintendent Hyatt will be present.

PLACENTIA

Orange Co., Cal.

You don't pioneer when you move to Placentia. That stage of this new packing and shipping town was past six months ago.

With the building of the Santa Fe's new main line east through the famous Placentia district, Placentia Townsite came into existence as a business center for this thickly settled and wealthy community. The orange growers built five large packing houses to handle the production. (Three more packing house sites have been procured.)

Placentia today, twenty-six miles from Los Angeles is a thriving go-ahead town with all city conveniences, such as bank, hotels, large stores, newspaper, lumber yard, garage, etc.

Placentia will not stay a town; that is inexpressive of its future. Placentia, the center of a district equal to Riverside and Redlands, must be a city. Already there are over a thousand people dependent on Placentia as a distributing point, which makes for active business.

An ideal climate, beautiful surroundings, good water, and plenty of work in all lines, produce perfect living conditions.

Placentia offers unexcelled opportunities for Merchandising, Home-making or Investment.

REMEMBER

Placentia Townsite is over one-half sold out. Yet you can still buy at the original prices and on the original terms.

Let us show you both the Possibilities and the Actualities at Placentia. Do not select land for a home or investment until you have seen Placentia.

PUT FRANCHISE OVER TILL NEXT MEETING

(Continued from page one)

south of the railroad the gas company put back concrete instead of asphalt, and that is in bad shape."

Delay in Franchise

The application of the Pacific Telephone & Telegraph Company for a franchise was read.

The city attorney said the ordinance submitted by him was along the lines of the Home franchise, and he had put into the proposed law the provision that the Pacific pay two per cent of its gross receipts to the city yearly. The ordinance had been referred to the company, which will be before the board on Jan. 3 with a formal legal application.

Alderman: "Why should they get that application before we do? Are you doing that work?"

Heathman: "They asked me to do it. You will have plenty of chance to amend it."

More Fire Boxes

M. Matthews said that three years ago the fire-box on West Fifth street near Baker had been removed. When there was a fire 35 feet from his house a few days ago that house was destroyed and no one could get word to the fire department until too late. McCulloch, who moved the box, said he moved the box to Third and Sycamore, and had told Matthews he would put a box at Fifth and Baker when the city bought more. He said the city needs five boxes more, that would cost \$35 a box. On Greenleaf's motion, the city ordered five new fire-boxes.

Grubb: "We will exceed \$100 and have to advertise. It is another instance of where our hands are tied by the state law. I hope to see the time when we have a commission form of government so we won't have to advertise every time we want to buy a lame horse for \$101."

It was arranged that the city will buy two boxes one month, two the next and the fifth in a third month, so that the \$100 law may be avoided.

Land Is Rented

Sealed bids for renting five acres from the city on West First, were: Joseph Robinson, \$10 per first year, and \$20 per year for next two years; N. Winetier, \$26 per year; F. F. Thorpe, \$50 per two years, or \$32.33 for three years. Thorpe's bid was accepted.

For Improvements

S. Wheaton for the Wakeham tract petitioned the city to grade, gravel and oil Garney street in the tract, the tract to pay the cost. McPhee and Alderman opposed undertaking any more street work until the street department catches up with its work. Grubb said he thought the city should do the work because no local contractor has a heavy roller. Wheaton said his tract proposes to put in sewers, water and gas before paving. Grubb said the city is doing work on other streets at cost and ought to do this so that it be done right. The city agreed to lay the water at the city's expense, the sewers at the expense of the owners. Reid said the sewers would cost \$35 per 100 feet. The paving matter was continued to the next meeting.

Permission was granted Wheaton to move the curb-line on Flower street one foot further into the street, making a 4-foot parking.

Wheaton had a petition for gravel and oil paving on Hickey from Broadway to Flower. The paving to Ross has been arranged for. Alderman said he favored making the owners put in curbs. Grubb and Ey said they thought it not well to enforce putting in curbs.

Re-Numbering

Alderman moved that the numbers on the south side of First and on Walnut and Pine be numbered uniformly. This will call for changing the number on one house. Grubb said Ey and Alderman should take up numbering all over the city. Tedford said an official number should be selected.

Trustee Greenleaf was granted a leave of absence of two weeks.

A committee, Grubb was appointed to see to placing proper signs to designate streets along all carlines.

Mrs. Ross was granted permission to remove cypress trees on West Seventeenth.

Change Names

McPhee said that at a number of places streets have two names, like Bush and Cypress, and street names should be made uniform. McPhee suggested that Ey appoint a committee of three women to go over the city and recommend changes.

An old Irish woman in cultured Boston scrawled the following notice on a shingle and tacked it on the front door: "Washin' taken in and gone out dun Hear."

No. 2 COMPETITION OR CO-OPERATION

If one man makes and sells a certain line of goods for less money than some other man does or can do, it shows that the other party has mistaken his calling and instead of finding fault with the successful party they should either renew their efforts or try some other business.

Why should the consumer (the great mass of the people) be required to pay a greater price in order to help the incompetent man coin money?

Had it not been for competition the Farmer would have harvested last season's grain with a sickle and the Blacksmith would make the nails to build our houses.

Competition inspired invention of new processes and new machinery and when there shall be no further chance for improvements and inventions—when everything shall have been completed—then—well, as I do not expect to be here on that occasion I will not borrow any trouble about what may be done toward overthrowing the theories and conditions that govern the business world of today.

Should it be our good fortune to look down from the heights over yonder we will hope to see those who shall succeed us here are still holding the Kansas Tin Shop in line for industrial freedom and its opposition to all forms of "co-operation" that compels the consumer to pay more than a fair price for the things that contribute to human welfare.

Thus far the Kansas Tin Shop has enjoyed competition and has been fairly successful in the pursuit of happiness.

BOARD OF SUPERVISORS

COUNTY AIDS RIVER WORK

Sum of \$200 Voted to Help Out on Bank Near Old Newport Roads

The Board of Supervisors this morning voted \$200 to be used by Supervisor Leck in aiding in the building of a dike west of E. W. Harmon's ranch near Old Newport. The river broke over at this point last year and did much damage to county roads. Ranchers in the vicinity are at work building a dike and placing rip-rap to keep the river's stream from going that way. The county's interest in the matter is to protect its roads.

Advertise Again

Owing to a mistake in the description furnished the county of officials of a lot at Orange, advertising for bids for the sale of the D. C. Cook property at Orange is again necessary. The county got one bid of \$350 for the property, which went to the county in return for caring for Cook during the last years of his life.

Bids Are Received

Bids for a desk for the county recorder's office were: A. F. Anderson, \$325; Bowen Metal Furniture Co., \$235; J. L. Davidson, \$270; Art Metal Construction Co., \$395. The Bowen bid was accepted.

Bids were ordered called for furnishing the county with a copy of maps of tracts that were laid out in this county before it was organized. The maps are on record in Los Angeles county but not in this county.

The supervisors laid on the table the bids received for furnishing automobile service to the district attorney and sheriff.

IN THE JUSTICE'S COURT

ATTORNEY IS AFTER FEES

Ferguson Fighting to Keep Justice From Releasing Attachment

Justice Cox is today hearing argument and evidence in an action in which Attorney W. E. Ferguson is suing for \$50 attorney's fees for himself and for Lon Wells. The defendant is E. M. Hansbrough. Property that stands in W. T. Newland's name was attached. The plaintiff asserts that Hansbrough has an interest in the property. Attorney Head for Hansbrough today is attempting to release the attachment. Ferguson is fighting hard to keep the release from being made, for he says that whatever judgment he might get against Hansbrough would then be of no worth.

Complaint Filed

City Marshal Stone of Fullerton today swore to a complaint charging Ben Sherman with forging the name of J. T. Roberts to a \$22.50 check on Dec. 16, at Fullerton.

Judgment Given

Justice Cox has given judgment for \$85.16 to Santa Ana Artificial Stone Company against George Keuchel of Orange, for work done on Fuller's house on Lyon street. This case was once taken to the superior court.

C. Y. MARTIN TO START TAXICAB SERVICE HERE

AMUSEMENTS

At the Grand

Woods and Chalker present a dramatization of Mary J. Holmes' well known and popular novel, "Tempest and Sunshine," by Lem B. Parker. The play has as its foundation, the contrasts of character in the two sisters, out of which grows, naturally and inevitably, the episodes and entanglements which combine to make the plot. Dr. Lacy is, by virtue of his relations with them both, so involved in their interests as to become the central figure of the story. "Tempest's" rather passionate nature leads her into mistakes which bring her the most serious consequences, though she is by no means the sort of a woman whose conduct can be made the subject of reprobation. The villain of the play is impersonated by Village Postmaster Joseph Dunn, at first a mysterious individual, but who afterwards turns out to be rather a common kind of criminal.

The play is entertaining, and well acted, and, sweet, an ideal of love, through and through, with a tender grace of a day that is dead.

Who who desire to see a first class production, presented in a first class manner, should not fail to see "Tempest and Sunshine" on Dec. 21, at the Grand.
